

OCTOBER 2018

Lago Vista Neighbor

"We always thank God for you all, and always mention you in our prayers."
I Thess 1:2 (GNT)

Fall Programs Begin

Our afterschool programs for students K-12th began in September. We kicked off the fall programs with Back to School Nights for LV parents and students in partnership with the school district. The programs focus on academic success, Christian discipleship, and leadership training. We do have an increased need for adult volunteers in the programs due to the leadership team helpers now arriving an hour after the elementary students. Please contact us if you are able to help.

New LVN Website!

We are excited to announce the creation of our Lago Vista Neighbor website! We hope that it will be a source of helpful information about the LVN programs and purpose. You can also share with others about LVN by directing them to the website. It also gives options about how you, your church, your business, and/or friends can volunteer or give to Lago Vista Neighbor financially. The address is <lagovistaneighbor.org> Please check it out!

Local Churches Partner with LVN

Recently, representatives from ten local churches met together to learn more about and deepen their involvement in LVN and the future direction. They were treated to an authentic Mexican lunch created by LV residents who also shared about LVN's positive impact on their families. These churches participate and support LVN in a variety of ways
