Funding our Lago Vista Neighbor Staff

Throughout our first 10 years, Lago Vista Neighbor has been continually blessed with outstanding and dedicated program staff and volunteers to do our leadership training and lead our children and youth activities.

As our programs have expanded and our youth leaders have become part of our staff, the need for funding has grown significantly. Most of our staff are pictured above. Here is a brief description of each one:

Madi- Program Director. She has the big task of running and coordinating all of the programs, as well as training and overseeing about 20 youth leaders and staff! She and her husband, Dan, live in the trailer between our two program trailers.

Isaac- Program Assistant. He helps Madi with many of the program tasks. He also coordinates some of our youth programs and helps with maintenance.

Lexie - Program Staff. She helps run the elementary programs each afternoon taking a variety of roles in each of the different programs.

Edwin, NaeNae, Ashley, Hector, Andrea, Luis, and Christian - Student Staff
All seven of these high school juniors and seniors have been involved in our leadership training program over the years and are in a one on one intensive training during this school year.
